Church Sponsorship Agreement

Worthy Student Funds

Parents who desire a Christian education for their child but are unable to pay the full tuition amount are encouraged to contact the church that they attend and request worthy student funds or financial assistance. Most churches are willing to help depending on the circumstances.

A completed and signed sponsorship agreement form must be turned in to the school office. It is understood that if the church or the parents do not follow the payment plan, the child cannot attend Parkview until other financial arrangements are made.
